Direct Connection for Connexoon Window RTS With Google Devices
## Quick Start Guide for Apple Devices

Pre start checklist prior to Google Device use

- Ensure set-up of your Google Device is complete and connected to Wi-Fi.

- Ensure set-up of Connexoon Window RTS app is complete and paired with the window coverings which you wish to control via your Google device.

- Ensure set-up of Connexoon Window RTS Modes & Ambiances (known as Scenes in Google Home app) is complete in the Connexoon Window RTS app.

Note: Each Connexoon Window RTS device can have a maximum of 8 scenes (4 Modes and 4 Ambiances). Set-up of your scenes can only be done within the Connexoon Window RTS app.
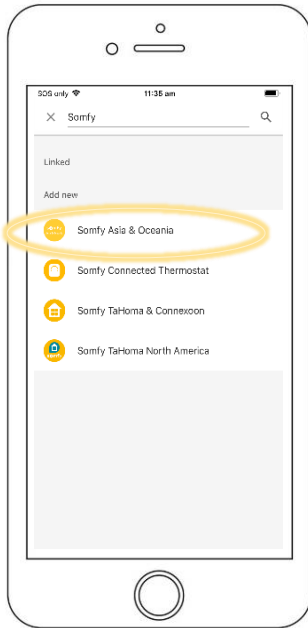

1   Open **Google Home** app.

2   Ensure your Google device is connected.

3   Select **+** in top left corner.

4   Select **Set up device**.

5   Select **Have Something Already Set up?**

somfy.

6 Using the search bar, look up **"Somfy"**.

**7** Select **"Somfy Asia & Oceania"** option.

8 Enter your **Connexoon Window RTS username & password.**

Select **Memorize my login details**, then select **LOG IN**.

9 Select **YES**.

The Google Home app will automatically link all devices programmed in your Connexoon Window RTS app.

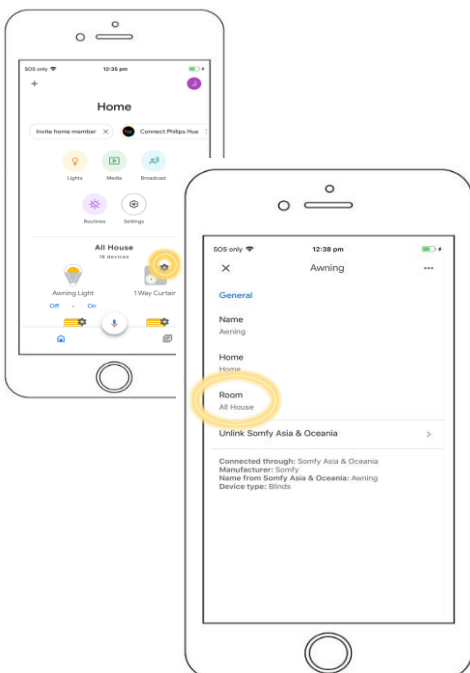

Assign Your Window Coverings/Light to a Room (optional set-up):

Enables you to operate all devices assigned to a room simultaneously via voice control
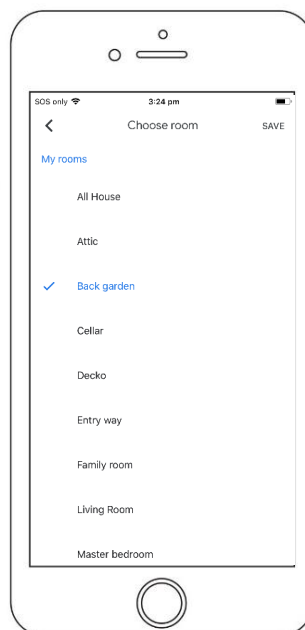

1 From the Google Home screen, select the **"cog"** on the top right hand of the first device you want to update.

2 Select **Room**.

3 Select the appropriate room for your device.

4 Select **Save**.

**5** Select **X** at top left hand screen to return to home screen.

Repeat for each device until all devices are assigned to a room.

Change the Name of Your Window Coverings/Light (optional set-up):
Enables you to effectively operate your devices via voice control

1 From the home screen (in the Google Home app), select the **window covering** you wish to update.
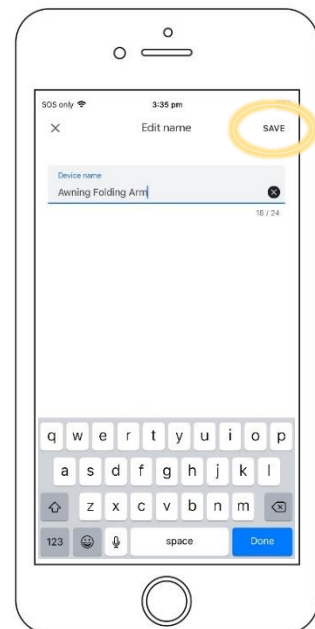

**2** Select **Name**.

3 Enter your new preferred name.
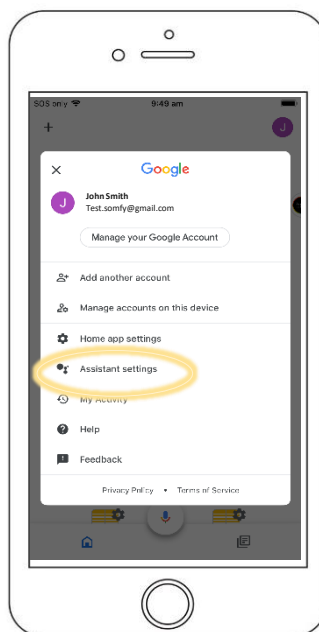

4 Select **Save**.

Nickname Modes & Ambiances From the Google Home App (optional set-up):
Enables you to effectively activate your "favourites" settings via voice control

1 From the home screen (in the Google Home app), select your **account** via the circle in the top right hand corner.
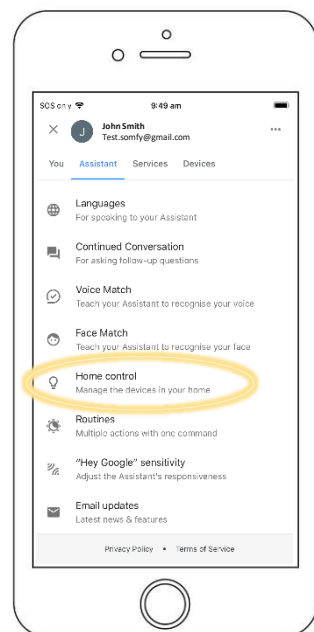

2 Select **Assistant Settings**.

3 Select **Assistant tab**.

4 Select **Home Control.**

somfy.

Tip: Each Connexoon Window RTS box allows 4 users to log in using the same email address.

Each user signed in, can create up to 8 Scenes (4 Modes & 4 Ambiances).

The Scenes tab displayed in the Google Home app is a summary of all scenes from all users.

Any user can operate all scenes displayed in the Google Home app, via voice control.

5 Select the **Scenes** tab.

6 Select the **edit pencil**.

7 Enter your preferred Nickname for the selected Mode or Ambiance.

8 Select **OK**.

9 Select the **back arrow** in top left hand corner. Repeat for each Scene.

Control Your Window Coverings/Light Through Voice Control:
Enables you complete control of your devices through a simple voice command

1 Ensure steps to connect Connexoon Window RTS and your Google device are complete.

2 Familiarise yourself with the names of your:
- Individual Window Coverings/Lights
- Rooms
- Modes (Away, At Home, Privacy, Sun Protection)
- Ambiances (Favourites).

Google Home App:
Rooms & Individual Window Coverings

Connexoon Window RTS app:
Modes/Ambiances

somfy.

3 To give your Google device a command, you first need to activate it by saying:

"Hey Google..." or "Ok Google..."

4 Followed by:

By Individual Blind/Light:
• Close <Blind name>
• Open <Blind name>
• Turn on <Light name>
• Turn off <Light name>

By Awning:
• Close <Awning name> (Send out Awning)
• Open <Awning name> (Retract Awning)

By Room:
• Close <Room name>
• Open <Room name>

By Mode or Ambiance:
• Activate <Mode name>
• Activate <Ambiance name>

"Ok Google, open exterior screen".

"Hey Google, close exterior screen".
