

One

Camera and Alarm All-in-One

SOMFY ONE IN A NUTSHELL

Somfy One is the first all-in-one connected security solution.

Integrating a Full HD camera, a 90+ dB siren and a smart motion sensor, One offers you and your family total security in a single product.

Somfy One only takes a few minutes to install and is ideal for an apartment or single-family home. It is scalable, so can be completed to meet your individual needs, by adding “Somfy Protect” security accessories.

ADVANTAGES

1. A single product to keep your home and family safe

- Full HD 1080p camera
- Built-in 90+ dB siren
- SomfyVision™ pet-immune motion sensor (infrared and image analysis)
- Fire alarm detection
- Speaker and microphone
- Free video recordings when movement is detected (10 sec.)

2. Respect for your privacy

With the Somfy Security Camera, *Somfy One* is the only camera on the market equipped with a motorized shutter to guarantee you privacy. The shutter can operate automatically (when the alarm is enabled, the shutter opens; when it is disabled, the shutter closes) or you can have the shutter open or closed with the click of your smartphone.

3. Security that's simple and effective

Somfy One is easy to install and use with the “Somfy Protect” application. Smart activation allows you to automatically disarm the system when you come home and send you a reminder to arm it when you leave.
